TO THE MEMBERS OF THE MONTANA HIGHWAY PATROL
AND THE PEOPLE OF MONTANA AT LARGE:

The year 1947 brought to us in Montana an all time traffic high. More people and more vehicles travelled our highways in the year just past than ever before. Yet, despite this great increase in traffic volume, we have been able to slightly reduce the overall traffic accident record.

While there were five more persons killed in 1947 than in the previous year, there were ninety-seven less persons injured. We do not have to look far for the reason for this reduction in the face of greatly increased traffic volume. Hard work on the part of each member of the Patrol was what did it. Our Public Educational campaign has been in full swing; safety talks, moving picture, newspaper articles, radio programs, have all added to the public awareness of the hazards on the highways, while nearly a thousand more summonses issued in 1947 have helped to convince some people that poor driving habits do not pay. Every man who has had a part in this campaign may feel justly proud of the fact that he has helped to hold the safety line on our highways here in Montana.

But the picture is not good yet. There were 3,570 reported accidents in the State last year. 5,734 drivers were involved in these accidents as a result of which 167 persons died; 1,590 were injured and some \$825,000.00 in property damage resulted from these accidents. An analysis of these statistics will show the causative factors in most of the accidents about the same as in the past; carelessness, wrecklessness, speed, liquor, or just plain thoughtlessness are the causes of practically all of these accidents.

We can't slow down this tragedy on the highways until we succeed in convincing every driver of a car that driving is a full time job, taking all of his attention, caution and judgement. To do this is going to require hard work and cooperation on the part of not only the Patrol but all peace officers, courts, prosecutors and the public.

Let us all resolve to do a better job next year, to work harder and more consistently toward the end that life and limb be made reasonably safe upon the highways and streets of our State.

Yours very truly,
